

Daniel Rumfelt
Grand Canyon University
CST-150 Programing in C# 1
Week 7 / Milestone 5
08/21/2022

Assessment Description

This milestone has two parts:

Part 1: Refine your project

1. Make any updates to the style of your application. Make sure the application has an attractive and easy to use interface.
2. Resolve any issues with functionality.
3. Incorporate any feedback as you see fit.
4. Define an additional event of your choosing—this is your opportunity to make your application stand apart!

Part 2: Video Demonstration

Demonstrate your project in class and be prepared to answer questions about your code. Refer to "Presenting Online Guide," for presentation options. Though this resource is intended for online courses, your instructor may support these options.

Prepare a video demonstration of your application.

Deliverables:

1. A cover sheet with name, date, and assignment title.
2. All code for your application.
3. A video of your application demonstration.
4. The link to the screencast URL.
